

*Financial Services
on a Mission*

Paul Anderson

As President of CIF, Paul was involved in all aspects of CIF's ministry, whether internally or externally. He focuses on serving, helping and empowering others so that they are enabled to do what they do best.

Prior to joining CIF in 2003, Paul was a Senior Manager for Capin Crouse LLP (a CPA firm), Director of Trust Operations for the Orchard Foundation, Chief Financial Officer for Far East Broadcasting Company and Tax Associate for Price Waterhouse.

At CIF, Paul uses his business and financial skills to serve the local church—and will continue to do so in his new role in relationship and business development. Making a real, spiritual difference in someone's life is what's most meaningful to Paul. He earned his MBA from Colorado State University and has been married for 30 years with three adopted boys.
